Design Specification Sheet

Company:		Customer P/N:	
----------	--	---------------	--

Engineer(s):		VMI Part No:	
--------------	--	--------------	--

Telephone:		Fax:	
------------	--	------	--

Due Date:		Qty to Quote:	
-----------	--	---------------	--

Target Price:		Qty/Usage/Time Span:	
---------------	--	----------------------	--

Assembly Type:	Single Phase/Bridge/etc.	Program/ Application:	
----------------	--------------------------	-----------------------	--

Input Voltage (pk-pk)	
-----------------------	--

Output Voltage:	
-----------------	--

Max Transient Volt:	
---------------------	--

Output Current:	
-----------------	--

Operating Freq.	
-----------------	--

Max Surge Current:	
--------------------	--

Size (Max/Preferred)	
----------------------	--

Mounting:	Studs/Inserts/Holes/etc.
-----------	--------------------------

Cooling Method:	Heat sink/Oil/Forced air/etc.
-----------------	-------------------------------

Terminations:	Leads/Inserts/Connector/etc.
---------------	------------------------------

Non-Op Temp:	
--------------	--

Operating Temp:	
-----------------	--

Other:	
--------	--

Special Requirements:	
-----------------------	--
